Declaration regarding Sepura STP9080 and STP9280

FCC certification numbers: XX6STP9080 and XX6STP9280

Company: SEPURA plc

Product: STP9080 & STP9280

We, Sepura plc do declare that the only differences between our Tetra portables type numbers STP9080 and STP9280 is the fitment of a different key-mat and key-mat bezel, and the STP9280 has a mono LCD whilst the STP9080 has a colour LCD. Apart from these changes the products are identical in all other mechanical respects and are identical in all electrical and RF aspects. The STP9280 does not have a Bluetooth module fitted.

Any Test Reports covering the STP9080 to FCC specifications are also applicable to the STP9280 as there are no differences to the RF circuitry or RF screening between the two products.

We further declare that both products are manufactured from the same basic Bill of Materials, contain the same software and firmware and follow identical Quality and Manufacturing Processes.

Sincerely,

Company Officer: Steve Wood
